This document contains the paper response option cards and paper test visuals for use with the HSA-Alt Training Tests in ELA and Mathematics for Grade 7.

To practice using the paper response option cards and paper test visuals with a student who will be using this format for the operational testing, print this entire document using the two-sided print settings on your printer. The test name, grade level, and corresponding item number will then be printed on the back of each page.

Notes: Not all training test items will have a corresponding printed test visual. Additionally, the training tests contain item types that will not be used for students testing with the paper response option format during operational testing. These item types will not have paper response option cards or paper test visuals in this packet.
